1002479 Farnese Opis Montepulciano	750 ml	\$52.99

The refined "Fantini by Farnese" wines are made with the best-selected grapes coming from the Farneto Valley and other important estates in Abruzzo; they complete their aging process in the beautiful cellars of the Caldora Castle, a historical building that the company wished to renovate in order to safeguard the cultural heritage and the viticultural tradition of the territory of Ortona. A team of talented young winemakers and agronomists, headed by two internationally renowned super-consultants, constantly dedicate their work to the care of each production phase. The attention of the company to the smallest details has brought the Fantini wines towards new horizons of quality: for the top wines, for example, a double and rigorous selection of the single grapes is carried out, believing that only the best berries can be transformed into great wines
